City Speeds Purchase of Cabrillo Strip

(Continued from Page 1-A)
"we owe them a vote of thanks." Councilman Hitchcock suggested that the council, Planning Commission and City-Wide Improvement Association hold a joint meeting in the near future to develop plans for the improvement of Cabrillo once the center-strip becomes property of the city. He indicated that no time should be lost in arranging for the paving of the P. E. right-of-way to make Cabrillo the attractive business street "it deserves to be."

1 KILLED and 36 Injured in Auto Collisions here to date 1940.

RHYMES RULES
Read these few simple rules:
1. Write a four-line rhyme based on some classified advertisement which appears on the regular classified pages of The Herald and News. Your verse must concern some particular ad—not classified ads in general. (Be sure to see rule No. 5.)
2. Write on but one side of the paper, and be sure to paste a clipped copy of the advertisement about which you write on the same side of the sheet—preferably above the rhyme.
3. Date each rhyme you send in.
4. Print your name and address in full and mail your verses to the "Classified Ad Rhymes Contest Editor," Herald-News Office, Torrance, Calif.
5. You may write more than one rhyme at a time (as many as there are ads if you wish) but each one must be on a separate sheet of paper and on a different ad each time. You may write each week on the same ad, if you desire.

Profit up to 50% on purchases at the new store of our oldest appliance dealer who will occupy the new quarters, Saturday, June 1st. See class. 53.

Woman and Child Hurt In Crashes

Two persons, a woman and a four-year-old boy, were injured in traffic collisions during the past week. Mrs. Luella A. J. Meier, 33, of 2116 Andro avenue, suffered a contusion on her right temple and cuts on her right leg last Friday afternoon in a collision at the intersection of Arlington and 222nd street. She was driving east on 222nd with her husband and, according to police reports, struck the rear of a coupe being driven south on Arlington by Kyoko Hasegawa, 17, of 2100 Domingue street. Kyoko was accompanied by two Japanese girls but none were hurt.

Mrs. Meier was taken to Torrance Memorial hospital by her husband for treatment. Her car spun around after the collision and was driven backwards for some 29 feet where it crashed into and demolished an ornamental light standard. She said she did not see the other car until the crash.
Little Ronald Reddington, four-year-old son of Mr. and Mrs. G. M. Reddington of 1733 Arlington avenue, was more scared than hurt when he was struck by a car driven by Don C. Condon, 46, of 1808 Arlington avenue, while he was playing on Arlington between 218th and Carson street Monday evening.

The child suffered minor cuts on his legs, according to police reports of the accident, and was badly scared.

Hopes to Be One of Three Women Sent to Congress

CLARA N. COLDEN for complete preparedness

Unopposed nomination for Congress last week for Mrs. Margaret Chase Smith, of Portland, Me., following closely on the election of Mrs. Chester C. Bolton, of Cleveland, Ohio, to succeed her late husband, Congressman Bolton, were pointed to today by friends of Mrs. Clara N. Colden as happy auguries for her own success in her campaign for the Democratic nomination to Congress in the coming primaries, Aug. 27.

Nomination of Mrs. Colden at the primary, it is assumed, would insure her election at the finals in November. In that event, three women will have been sent to Congress during 1940, setting a new record for any year since women won the franchise. The 17th Congressional district, in which Mrs. Colden is a candidate, and which was represented at the national capital for six years by her late husband, Congressman Charles J. Colden, includes Torrance, Lomita, the Harbor district and sections of southwestern Los Angeles proper.

Candidates Speak at Young Demos Breakfast Parley

A breakfast meeting held by the local Young Democrats Sunday morning at McDonald hall on Carson street attracted about 50 guests. President Clarence Pinkham and Pete Gladis served as co-chairmen for the affair. Mayor Tom McGuire welcomed the politically conscious guests and invited them to attend city council meetings. A vacant chair at the head of the table was reserved in memory of the late Assemblyman Fred Reaves of this district.

Candidates for the state assembly, Congress and county board of supervisors spoke. They were John T. Rawis and Chester Jordan for assembly, and Ted Frenger, local National Supply Company machinist stated that he was willing to enter this race if he was shown "the people wanted him to make the attempt"; Augustus J. O'Connor, Hermosa Beach city attorney, announced he was in the Congressional race.
Mrs. Clara N. Colden was present and gave an inspiring talk—she is seeking the Democratic nomination for representative in Congress. Ed Means, field secretary for Congressman Lee Geyer, spoke in behalf of the latter's candidacy for reelection. Clifford Hix said he "might be a candidate for Congress on the Republican ticket."

Willard Harper, running for election to the board of supervisors from the second district, spoke and James G. Gates, state Democratic committeeman from the 17th district, outlined the purpose of the Young Democrats' organization.

Co. Votes Share of Refunding

Refunding of A. and I. District No. 70 formed for the improvement of Normandie avenue between Lomita boulevard and 182nd street, was provided for this week by the board of supervisors on motion by Supervisor Hauge, with an appropriation of \$34,120 of county funds as the county's contribution toward the project. The county's contribution is slightly less than half of the total principal of the bonds outstanding, according to County Engineer Alfred Jones, member of the county's special assessment relief committee.

Only about 10 percent of the 1,965 parcels involved in the refunding proceedings will have assessments in excess of \$25 placed against them, Jones said. The 197 parcels so affected are mostly acreage parcels.
Action of the supervisors at Tuesday's meeting places a specific assessment against each parcel of property, as contrasted with the ad valorem assessment of the old Matton Act district, which placed a blight upon property in the entire special assessment district. This blight now has been removed, as is being done with all special assessment districts throughout the county.

This is the second victory which Supervisor Hauge won for assessment—burdened property owners in his district. Recently he won a long fight to get the Board's approval of refinancing the Alondra Park District.

Kiwanians Going to Hermosa Gathering

Most of the members of the local Kiwanis club have signified their intention of accompanying President E. E. Murchison to the division meeting at Hermosa Beach next Monday night. This week's session of the service club was devoted to a program showing the inner workings of a modern telephone system, the latest improvements and accomplishments of modern communications, as presented by the Southern California Telephone Company. A short musical program by the high school choir was given under direction of Mrs. Marjorie Cooke.

The National Resources board reports 881,725,000 acres of land in the United States "essentially incapable of tillage."

Silence MEANS Savings

since we got a GAS refrigerator!

It's money in your pocket to own a silent Servel Electrolux. Servel's absence of noise is made possible by absence of moving parts. And "no moving parts" means no wear and no increased operating costs as the refrigerator gets older! The tiny gas flame that does the work is inexpensive and will continue to be inexpensive through the years!

SPECIAL NEWS! Every 1940 Servel Electrolux now carries 10-year unconditional guarantee on entire refrigerating system. That means cost-free maintenance!

THESE OTHER MODERN GAS APPLIANCES ARE SURE TO PLEASE, TOO!

EASIER COOKING—in less time—with better results—is yours with a Certified Performance gas range. You'll wonder how you ever got along without this kitchen marvel!

PLENTY OF HOT WATER makes dish-washing simpler! You're sure of all the hot water you need—any time—when you have the right size of automatic gas water heater.

HEALTHFUL HOUSE HEATING. Modern, ventedomatic gas furnaces protect the whole family with right temperature and right humidity—economically, too!

FASTER CLEANER CHEAPER

It will pay you to see the newest in gas appliances. Drop in at a dealer's or SOUTHERN CALIFORNIA GAS CO.
